PRIVACY POLICY

Effective date: 03 June 2025

Last updated: 24 March 2026

This Privacy Policy describes how Bravion s. r. o. collects, processes, stores, and protects personal data in accordance with applicable data protection legislation, including:
- Regulation (EU) 2016/679 of the European Parliament and of the Council (General Data Protection Regulation – GDPR)
- Act No. 18/2018 Coll. on Personal Data Protection of the Slovak Republic

This Policy applies to the processing of personal data collected through the website and related communications with the Company.
By accessing or using this website, contacting us, or submitting information through the website, you acknowledge that your personal data may be processed as described in this Privacy Policy.

1. Data Controller

The controller responsible for the processing of personal data is:
Bravion s. r. o.
Ružianska 66 B
831 02 Bratislava
Slovak Republic
Email: bravion.s.r.o@gmail.com
Hereinafter referred to as "Company", "we", "our", or "us".
The Company determines the purposes and means of the processing of personal data collected through this website.

2. Scope of Application

This Privacy Policy applies to the processing of personal data collected through:
- the Company's website
- contact forms available on the website
- email communication initiated through the website
- business inquiries and requests for marketing proposals
- website analytics and technical infrastructure
- marketing and communication activities related to the Company's services

This website is intended primarily to provide information about the Company's marketing and creative production services.
The website does not intentionally target minors or individuals under the age of 18.

3. Types of Personal Data Processed

The Company may process the following categories of personal data.

3.1 Identification Data

Such data may include:
- full name
- company name
- professional role or position

This data is typically provided voluntarily through contact forms or business communication.

3.2 Contact Data

Contact information may include:
- email address
- telephone number
- communication content submitted through forms or email

This information is necessary for responding to inquiries and providing business communication.

3.3 Technical and Usage Data

When users access the website, certain technical data may be automatically collected, including:
- IP address
- browser type and version
- operating system
- device type
- referral URLs
- website interaction data
- session identifiers

This data is used for technical operation, security, and analytical purposes.

3.4 Marketing and Business Inquiry Data

When users submit requests for services or marketing proposals, the Company may process information such as:
- project details
- requested services
- campaign objectives
- communication history related to the inquiry

3.5 Cookies and Online Identifiers

The website may use cookies and similar technologies to collect information related to user behavior, analytics, and website functionality.
Further details regarding the use of cookies may be provided in a separate Cookie Policy.
3.6 Sensitive Personal Data
The Company does not intentionally collect or process special categories of personal data within the meaning of Article 9 GDPR (such as health data, political opinions, religious beliefs, etc.).
Users are advised not to submit such data through the website.

4. Purposes of Processing

Personal data may be processed for the following purposes.

4.1 Communication and Inquiry Management

Processing personal data submitted through contact forms or emails in order to:
- respond to inquiries
- provide marketing proposals
- communicate regarding services

4.2 Provision of Services

Processing data necessary for the preparation and potential provision of marketing, advertising, and creative production services.

4.3 Website Operation

Ensuring the proper technical functioning of the website, including:
- hosting and server maintenance
- technical troubleshooting
- security monitoring

4.4 Analytics and Performance Monitoring

Analyzing website usage in order to:
- improve website performance
- understand user interaction
- optimize content and services

4.5 Legal Compliance

Processing data in order to comply with applicable legal obligations under Slovak and European law.

4.6 Protection of Legitimate Interests

Processing necessary for the protection of legitimate business interests of the Company, including:
- prevention of fraud or abuse
- cybersecurity monitoring
- protection of legal claims

5. Legal Basis for Processing

Personal data is processed under the following legal bases pursuant to Article 6 GDPR.
Performance of a Contract
Processing necessary for responding to service requests and preparing business cooperation.
Legitimate Interests
Processing based on legitimate interests of the Company, including:
- communication with potential business partners
- website security
- improvement of services and user experience

Legal Obligation
Processing required to comply with legal obligations under Slovak or EU law.
Consent
Where required, processing may be based on the user's consent, particularly for:
- cookies and tracking technologies
- marketing communication

Consent may be withdrawn at any time.

6. Data Recipients and Processors

Personal data may be shared with carefully selected third parties when necessary for operational purposes.
Such recipients may include:
- website hosting providers
- IT infrastructure providers
- marketing analytics platforms
- professional advisors (legal, accounting, or compliance services)
- technical service providers involved in website maintenance

All processors operate under contractual agreements ensuring compliance with Article 28 GDPR.
The Company does not sell, trade, or rent personal data to third parties.

7. International Data Transfers

Where personal data is transferred outside the European Economic Area (EEA), such transfers are conducted in accordance with GDPR safeguards, including:
- European Commission adequacy decisions
- Standard Contractual Clauses (SCC)
- other lawful transfer mechanisms recognized under GDPR

8. Data Retention

Personal data will be retained only for the period necessary to fulfill the purposes for which it was collected.
Typical retention periods may include:
- Business inquiries — up to 24 months
- Marketing communication records — up to 36 months
- Contractual documentation — according to statutory retention requirements

Data may be retained longer where necessary for:
- legal claims
- regulatory obligations
- dispute resolution

9. Data Security

The Company implements appropriate technical and organizational measures to protect personal data against unauthorized access, disclosure, alteration, or destruction.
Such measures may include:
- secure hosting infrastructure
- access control systems
- internal data protection procedures
- encryption and secure communication protocols where applicable

Despite these measures, no data transmission over the internet can be guaranteed to be completely secure.

10. Cookies and Tracking Technologies

The website may use cookies and similar technologies for purposes including:
- ensuring website functionality
- measuring website traffic
- analyzing user behavior
- improving the user experience

Users may manage cookie settings through their browser preferences.
Additional information may be provided in a separate Cookie Policy.

11. Rights of Data Subjects

In accordance with GDPR, individuals whose personal data is processed have the following rights:
- right to access personal data
- right to rectification of inaccurate data
- right to erasure (right to be forgotten)
